

Peter Sandy: Asian Aid Ambassador Profile

Varsity Lakes, QLD – South of Surfer's Paradise

Nuclear Medicine and MRI Technologist
Married to wife Fiona, and father of two, Josh
and Nicole.

Long time sponsor of Rajendra Gautam

For Peter and his family, hope is *"knowing there is a God who cares. Hope is also the realization that everyone deserves to have an opportunity to live life to the fullest. Hope is the love that prompts someone to sponsor a child they may never meet in person."* Peter has done just this through his sponsorship of Rajendra Gautam from 1986 – 1998 with Asian Aid, and with further sponsorship of other children since.

"I'm passionate about the projects that Asian Aid funds because they offer children particularly an opportunity to get an education and have a chance of improving their own lives." Peter's sponsorship of Rajendra began when he was just 22. Now, Rajendra has started his own aid organisation in Nepal (Three Angels Nepal) thus revealing to sponsors that even the smallest steps make a big difference. Rajendra recently baptized Peter's daughter Nicole, in Pokhara, Nepal.

Peter loves visiting new places and meeting new people and this is reflected in his service for Asian Aid. *"I'm just an everyday Aussie who wants to see kids get a chance in life like I have had,"* says Peter.

Thank you Peter for your amazing support of Asian Aid.
